

# Securely Destroy and Recycle Your E-waste

*A Secure Mobile Destruction Vehicle can come to your facility*

*National Fleet of Trucks with Worldwide Solutions*

## How valuable is your time?

*Degauss and Destroy in Seconds  
using our State of the Art  
Degaussers and Shredders*

*National Security Agency Approved*

## NSA has the Solution

- Consistent National program for organizations with multiple locations
- Total information elimination
- Destruction process that meets or exceeds all Federal, State, and Local Government Requirements (WEEE, Sarbanes Oxley, GLB, FACTA and HIPAA)
- Environmentally friendly handling of electronic waste (100% recyclable)
- 100% Auditable and Certified Destruction (Bar-coding and GPS tracking)

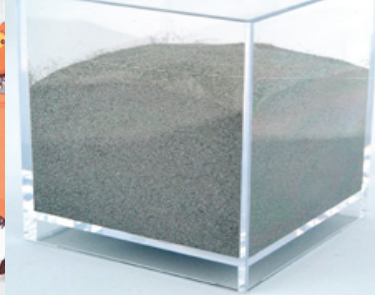

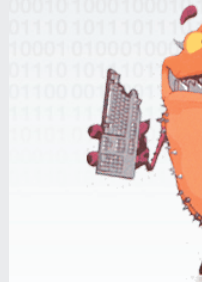

When it is all said and done, there is nothing to lose sleep over. Your computers, servers and other electronics, along with all vital information no longer exist. No one can ever state you did not properly destroy your electronics and complete your due diligence.

## E-Waste Destruction Services
